\*\*\* ANALYSIS FROM -1763/P5 \*\*\*

This bill makes various changes in the campaign finance, election, and lobbying regulation laws. Significant provisions include:

### **CAMPAIGN FINANCE**

#### ***Disclosure of political activity***

Currently, with certain exceptions, individuals who accept contributions, organizations that make or accept contributions, and individuals who or organizations that incur obligations or make disbursements for the purpose of influencing an election for state or local office are required to register with the appropriate filing officer or agency and to file financial reports with that officer or agency, regardless of whether they act in conjunction with or independently of any candidate who is supported or opposed.

This bill provides that registration and reporting requirements apply to any communication that contains certain explicit terms with reference to a clearly identified candidate that expressly advocates the election or defeat of that candidate and unambiguously relates to that candidate. The bill also provides that these requirements do not apply to a communication made by an individual other than a candidate, or by an organization that receives donations or other income not directed at political activity, if the communication does not expressly advocate the election or defeat of a clearly identified candidate or the adoption or rejection of a question at a referendum. The change in the scope of reportable activity under the bill also affects contribution limitations and prohibitions by causing the term “contribution” to exclude the cost of any communication that is not reportable under the bill.

#### ***Corporations, cooperatives, and other entities; limited political activity***

Under current law, corporations and cooperatives are prohibited from making contributions or disbursements (expenditures) in campaigns for state or local office. Violators are subject to a forfeiture (civil penalty) of not more than \$500 for each violation. Intentional violators are guilty of a Class I felony, which is punishable by a fine of not more than \$10,000 or imprisonment for not more than three and one-half years, or both, except that if a violation involves \$100 or less, the violation is punishable as a misdemeanor with a fine of not more than \$1,000 or imprisonment for not more than six months, or both. A recent decision of the U.S. Supreme Court casts doubt upon whether this law is enforceable as it applies to disbursements. See *Citizens United v. F.E.C.*, 130 S. Ct. 876 (2010). Current law also provides that if an individual other than a candidate or an organization that is not organized primarily for political purposes does not engage in express advocacy with respect to a clearly identified candidate or referendum question and does not make any contributions, the individual or organization is exempt from registration and reporting requirements.

This bill deletes the current prohibition on disbursements by corporations and cooperatives.

The bill also permits a corporation or cooperative to make independent disbursements or to make contributions to a committee that makes only independent disbursements. Under the bill, if a corporation, cooperative, or any other entity is not organized exclusively for political purposes and does not make any contributions other than to committees that make only independent disbursements and does not

make any disbursements or incur any obligations other than for the purpose of making independent disbursements, the corporation, cooperative, or entity is not subject to registration and reporting requirements under current law, including requirements to disclose sources, dates, and amounts of income and certain information about donors, creditors, and payees. However, any corporation, cooperative, or other entity that makes one or more independent disbursements in an amount or value exceeding \$750 in the aggregate during a calendar year must register with the appropriate filing officer, file reports concerning the independent disbursements, and include an attribution on communications financed by the independent disbursements. If a corporation, a cooperative, or other entity is subject to the registration requirement created by the bill, the corporation, cooperative, or entity must also file periodic and special reports with the appropriate filing officer disclosing the amount of each independent disbursement, the date on which it is made, and the name of the candidate or candidates in behalf of or in opposition to whom the disbursement is made, indicating whether the purpose is support or opposition. If a corporation, a cooperative, or other entity makes one or more independent disbursements with respect to an election later than 15 days before the election, the reports must include the identity of any donor to the corporation, cooperative, or entity who made a donation specifically in support of the independent disbursement.

***Campaign finance registration, record keeping, and reporting thresholds***

With some exceptions, current law requires an individual, candidate, group, or committee that makes or accepts a contribution, incurs an obligation, or makes a disbursement for political purposes and in an amount that exceeds \$25 to register with the Government Accountability Board (GAB). This bill increases that threshold from \$25 to \$1,000. *Insert from p. 4*

Under current law, a registrant is not subject to the filing requirements related to campaign financing if the registrant does not anticipate accepting contributions, making disbursements, or incurring obligations in an aggregate amount exceeding \$1,000 in a year or does not anticipate accepting any contribution from a single source, other than a candidate's contribution to his or her own campaign, exceeding \$100 in a year or, for purposes of promoting or opposing a referendum, \$750 in a year.

Under this bill, a registrant is not subject to the filing requirements if the registrant does not anticipate accepting contributions, making disbursements, or incurring obligations in an aggregate amount exceeding \$2,000 in a year or does not anticipate accepting any contribution from a single source, other than a candidate's contribution to his or her own campaign, exceeding \$200 in a year or, for purposes of promoting or opposing a referendum, \$750 in a year.

Under the bill, a registrant who or that files campaign finance reports electronically is not required to file a signed hard copy with the GAB. In addition, the software that the GAB specifies for electronic filing must allow a registrant to provide a verifiable electronic signature.

***Campaign finance record keeping***

With some exceptions, current law requires an individual, candidate, group, or committee that makes or accepts a contribution, incurs an obligation, or makes a

disbursement for political purposes and in an amount that exceeds \$25 to register with the GAB. Under current law, each registrant must maintain records of any contribution, disbursement, and incurred obligation that exceeds \$10. This bill increases the \$10 record-keeping threshold to \$25.

#### ***Communications with members of certain entities***

Current law permits any corporation, cooperative, unincorporated cooperative association, or voluntary association to make a disbursement for the purpose of communicating only with its members to endorse a candidate, explain its views or interests, or take a position on a referendum without being subject to reporting requirements for this activity. This bill clarifies that any such communication, while remaining exempt from the reporting requirement, may include information on how a member may contribute to an endorsed candidate.

#### ***Communications by legislators***

Currently, with certain exceptions, no person who is elected to state or local office and who becomes a candidate for national, state, or local office may use public funds for the cost of materials or distribution of 50 or more pieces of substantially identical material distributed during the period beginning on the first day for circulation of nomination papers as a candidate (or certain other dates for candidates who do not file nomination papers) and ending on the date of the election at which the person's name appears on the ballot, or on the date of the primary election at which the person's name so appears if the person is not nominated at the primary.

This bill provides that this prohibition does not apply to the cost of materials or distribution of a communication made by a member of the legislature to an address located within the legislative district represented by that member during the 45-day period following declaration of a state of emergency by the governor affecting any county in which the district is located if the communication relates solely to the subject of the emergency.

### **LOBBYING**

#### ***Campaign contributions by lobbyists***

Currently, a lobbyist may make a campaign contribution to a partisan elective state official or candidate for partisan elective state office in the year of the official's or candidate's election between June 1 and the day of the election. This bill extends the time during which a lobbyist may make such a contribution to between the first day authorized by law for the circulation of nomination papers as a candidate and the day of the election.

### **ELECTION ADMINISTRATION**

#### ***Proof of identification requirement***

Currently, with certain exceptions, an elector who votes in an election must present proof of identification in order to vote. The proof may consist of one of a number of documents specified by law that contains the name of the individual to whom the document was issued, which name conforms to the individual's voter registration, if the individual is registered to vote, and with limited exceptions, that contains a photograph of the individual. With certain exceptions, an elector who casts an absentee ballot by mail must enclose a copy of his or her proof of

move  
to  
p. 3

identification in the envelope containing his or her ballot. One form of acceptable proof of identification is a Wisconsin driver's license or identification card issued by the Department of Transportation. An individual who applies for a Wisconsin operator's license or identification card may be exempted from the current requirement to be photographed under narrowly defined circumstances.

This bill permits a veterans identification card issued by the Veterans Health Administration of the federal Department of Veterans Affairs to be used as proof of identification if the card contains the name of the person to whom it is issued and a photograph of the individual.

The bill also exempts an elector from the requirement to provide proof of identification if the elector appears at the polling place serving his or her residence on election day and swears or affirms before the chief inspector and submits a signed statement affirming either that 1) he or she is indigent and cannot obtain proof of identification without payment of a fee; or 2) he or she has a religious objection to being photographed. Alternatively, if the elector votes by absentee ballot, the bill exempts the elector from the requirement to enclose a copy of his or her proof of identification if the elector encloses in the envelope with the absentee ballot an affidavit affirming either that 1) he or she is indigent and cannot obtain proof of identification without payment of a fee; or 2) he or she has a religious exemption to being photographed. The bill provides that if an elector submits such a statement or encloses such an affidavit, the elector's ballot is marked in the same manner as a challenged ballot and the board of canvassers that determines the election or conducts a recount may review and determine the validity of the elector's ballot. The bill also provides that the municipal clerk or board of election commissioners of the elector's municipality of residence may investigate the qualifications of any elector who submits a statement or encloses an affidavit under the bill and advise the municipal board of canvassers or board of absentee ballot canvassers of his or her findings.

### ***Proof of residency for voter registration***

With limited exceptions, current law requires each person who is an eligible elector and who wishes to vote in this state to first register. In certain circumstances, an eligible elector must submit proof of residence with his or her registration form or prior to being permitted to vote. For example, a person who registers in the clerk's office of his or her municipality within 20 days of an election must provide proof of residence in order to obtain registration. Current law provides a list of qualifying identifying documents and specifies the information that must appear on those documents. Identifying documents must contain the registrant's name and current address and qualifying identifying documents include a real estate tax bill, a bank statement, and a current and valid Wisconsin driver license or identification card.

This bill prohibits an elector from providing an identifying document that is displayed electronically to establish proof of residence; the identifying document must be provided in hard-copy form. The bill adds to the list of qualifying identifying documents a bill for cellular or wireless telephone service for the period commencing no earlier than 90 days before election day and a credit card statement for the period commencing no earlier than 90 days before election day.

Under current law, the GAB must compile and maintain an official registration list. The registration list must contain specific information about each registered elector in the state, including the elector's name, address, date of birth, and an indication of how the elector's registration form was received. This bill requires the board to include on the official registration list an indication of whether an elector was required to provide proof of residence and, if so, the type of identifying document submitted by the elector as proof of residence.

### ***Poll book signature requirement***

Currently, with limited exceptions, an elector voting in person at a polling place must enter his or her signature on the poll list or a similar list before being permitted to vote. After entering his or her signature, the election officials mark the poll list to indicate that the elector has voted and, unless voting machines are used, give the elector a ballot. Under current law, with certain exceptions, the election laws are to be interpreted to give effect to the will of the electors if that can be ascertained from the proceedings, notwithstanding failure to fully comply with some of their provisions. When the ballots cast at an election are used to recount the votes cast for an office or question, the officials compare the number of ballots cast to the number of voting electors, according to the poll list. After certain other categories of defective ballots are removed from the count, if the number of voting electors still exceeds the number of ballots, the officials conducting the recount draw a number of ballots at random from the remaining ballots until the number of voting electors equals the number of ballots.

This bill provides that, for purposes of a recount, an elector shall not be considered to be a voting elector if he or she is required to sign the poll list and does not do so.

### ***Proximity of election observers***

Under current law, any member of the public may be present at a polling place, a designated alternative absentee ballot site, or at the office of a municipal clerk to observe an election and the absentee voting process. Current law permits the chief inspector or municipal clerk to designate areas within the polling place, alternate site, or municipal office from which members of the public may observe, provided those observation areas permit the members of the public to readily observe all public aspects of the voting process. The chief inspector at any polling place or the municipal clerk may limit the number of observers representing the same organization who are permitted to observe the election or absentee voting process at the same time.

This bill requires the chief inspector and the municipal clerk to designate an observation area for election observers that is within five feet of the table at which electors announce their name and address to be issued a voter number and within five feet of the table at which a person may register to vote. Under the bill, the chief inspector or municipal clerk may permit an election observer to sit at either table, provided the observer is not permitted to observe confidential information. The bill also requires each election observer to print his or her name and sign and date a log maintained for the polling place.

***Challenging an elector's registration during a recount***

Currently, any person may object to the validity of an elector's registration by filing an objection with the municipal clerk or board of election commissioners before election day or with the inspectors at a polling place on election day. If a challenge is made to an elector's registration on election day, the elector's ballot is marked for review of the challenge during any recount that may be held. Currently, during the recount of an election, the board of canvassers conducting the recount compares the number of voted ballots to the number of voting electors as indicated on the poll lists or supplemental lists. If, after certain other defective ballots are set aside, the number of voted ballots still exceeds the number of voting electors, the board draws down, at random, a number of voted ballots equal to the excess number before recounting the voted ballots and these ballots are not counted during the recount.

This bill provides that, in determining the number of voting electors, the board of canvassers must hear and decide any objection to the validity of the registration of an elector who registered on election day. Under the bill, if the board of canvassers determines that the registration of an elector who registered on election day is invalid, the board reduces the number of voting electors by one in performing the drawdown of voted ballots, whenever a drawdown is required.

***Witness addresses on absentee ballot certificates***

Under current law, in order to vote using an absentee ballot, an individual must complete a certificate, which certifies that the individual is a qualified elector. The individual must sign the certificate in the presence of a witness who must also sign the certificate and provide his or her name and address. Under this bill, an absentee ballot may not be counted if the certificate is missing the address of a witness.

***Nominees to the Government Accountability Board***

Under current law, the governor appoints members of the GAB from nominations submitted by the board's candidate committee. Current law requires the candidate committee to submit at least two nominations to fill one vacancy on the GAB, three nominations to fill two vacancies, five nominations to fill three vacancies, six nominations to fill four vacancies, and seven nominations to fill five vacancies. This bill doubles the number of nominations the candidate committee must submit to the governor.

***Securing ballot containers***

Under current law, election inspectors take all ballots counted by them and secure the ballots together so that they cannot be separated or tampered with without breaking a seal. The inspectors then put the secured ballots into a ballot container and secure the container so that it cannot be opened without breaking a seal or lock or without destroying the container. Under this bill, only the chief inspector and one other inspector whose party affiliation is different than the chief inspector's party affiliation may secure the ballot container.

***Party representation at the polls***

Currently, polling places are staffed principally by election inspectors. Unless a municipality decides to increase or decrease the number of inspectors, there are seven inspectors at each polling place. With certain exceptions, the individuals who

are appointed as inspectors at a polling place are drawn from nominations submitted by the political parties whose candidates for president or governor received the most votes in the area served by the polling place at the preceding general election, with the party whose candidate received the most votes entitled to fill one more position than the other party.

This bill provides that whenever two or more inspectors are required to perform a function within a polling place and both parties that are entitled to submit nominees have done so, the chief inspector must assign, insofar as practicable, an equal number of inspectors from the nominees of each party.

### ***Registration***

This bill requires the municipal clerk, clerk's agent, and other individuals authorized to accept receipt of a registration form from an elector to enter on the registration form or poll list, and in some cases both the registration form and poll list, the type of identifying document submitted by the elector as proof of residence when proof of residence is required of the elector.

### ***Voting by absentee ballot in person***

Under current law, a person may apply to the municipal clerk in person to vote using an absentee ballot. In-person applications to vote using an absentee ballot may be made beginning on the third Monday preceding the election and ending on the later of 5 p.m. or the close of business on the Friday preceding the election.

Under this bill, in-person applications to vote using absentee ballots may be received only Monday to Friday between the hours of 7:30 a.m. and 6 p.m., except that an individual may make an appointment with the actual city, town, or village clerk, as appropriate, so that the clerk, not a member of the clerk's staff or a designated agent, may receive the individual's application made in person after 6 p.m. or anytime on Saturday or Sunday, not including the Saturday and Sunday after the Friday preceding the election.

### ***Reporting of election returns by municipalities***

Currently, the voters of each ward vote at the same polling place, which is generally separate from other polling places in a municipality. Election returns are reported by ward unless otherwise authorized by law. Currently, no later than 60 days before each September primary and general election, and no later than 30 days before each other election, the governing body of a municipality may combine two or more wards for voting purposes to permit the use of a common polling place. In municipalities with a population of 35,000 or more, a municipality must continue to report all election returns by ward even where wards are combined for voting purposes at a single location. Other municipalities may report returns for combined wards together unless a separate ballot is required in a partisan election, in which case separate returns must be reported for the offices listed on each separate ballot so that the results of the various elections may be determined.

Under this bill, any municipality having a population of 35,000 or more may provide that election returns for any ward having a population of 20 or less will be combined with returns for any adjacent ward, unless separate returns are required to determine the results of an election. A municipality, however, may not combine wards if the total population of the combined wards would exceed the applicable

population range for wards in that municipality. The bill allows the municipal clerk to estimate ward populations for the purpose of combining returns if the population cannot be determined from census results.

### ***Fees for election recounts***

Currently, any candidate who receives votes in an election and any elector who votes in a referendum may petition for a recount of the votes cast. If the difference between the votes cast for the leading candidate and those cast for the petitioner or the difference between the affirmative and negative votes cast upon any referendum question is at least ten votes if 1,000 or fewer votes are cast or more than 0.5 percent but not more than 2 percent of the total votes if more than 1,000 votes are cast, the petitioner must pay a fee of \$5 per ward or \$5 per municipality if a municipality is not divided into wards. The bill increases that amount to \$25 per ward or \$25 per municipality if a municipality is not divided into wards.

### ***Special elections***

This bill makes various changes in the laws governing special elections.

1. Currently, when a vacancy in the office of a U.S. senator or representative in congress from this state occurs, the vacancy is filled by special election ordered by the governor unless the vacancy occurs between the second Tuesday in April and the second Tuesday in May in the year of the general election in which case it is filled at the general election. This bill provides, in addition, that whenever a U.S. senator or representative in congress is elected to another office after the beginning of his or her term, and the term of the new office or the period during which the senator or representative is eligible to assume office begins prior to the end of the senator's or representative's original term of office, the governor may call a special election to fill the seat of the senator or representative in anticipation of a vacancy, upon receipt of notice of the written resignation of that senator or representative that is effective on a date not later than the date of the proposed special election.

2. Currently, when a special election must be ordered to fill a vacancy in any of the following, the special election must be held within a designated period following the order: the office of a U.S. senator or representative of this state; certain executive state offices; judicial and legislative state offices; county, city, village, and town offices; the office of municipal judge; and the office of member of the board of school directors of the Milwaukee Public Schools. Under current law, with two exceptions, the date for the special election may not be not less than 62 nor more than 77 days from the date of the order:

a. If the special election is to be held on the day of the general election or to fill a vacancy in a national office, the order must precede the partisan primary or special primary, respectively, by not more than 122 days and by no fewer than 92 days.

b. If the special election is to be held on the day of the spring election, the order must precede the spring primary by not more than 92 days and by not fewer than 49 days.

This bill eliminates the maximum number of days between which a special election may be ordered and held.

TO 50 Under current law, "special election" means any election other than a general election, partisan primary, spring election, or spring primary to fill vacancies or to conduct a referendum. This bill changes the definition of special election to mean any

3. Current law imposes restrictions on the timing of a special election ordered to fill a vacancy in a judicial office that occurs after the date of the spring election but on or before December 1:

a. If the vacancy occurs in the office of circuit judge, the vacancy must be filled at the succeeding spring election.

b. If the vacancy occurs in the office of court of appeals judge, the vacancy must be filled at the first succeeding spring election when no other court of appeals judge is to be elected from the same court of appeals district.

c. If the vacancy occurs in the office of supreme court justice, the vacancy must be filled at the first succeeding spring election when no other justice is to be elected.

If a vacancy occurs in any of these judicial offices after December 1 but on or before the succeeding spring election, the vacancy must be filled at the second succeeding spring election that corresponds with the spring elections described above. Finally, if, as a result of the resignation of the incumbent, a vacancy occurs in any of these judicial offices after December 1 but on or before the date of the succeeding spring election, and if the incumbent is not a candidate to succeed himself or herself, the vacancy must be filled at the regularly scheduled election.

This bill changes each December 1 date to August 1.

4. Current law refers to the authority of the attorney general to order a special election. This bill eliminates that reference.

### ***Recounting votes cast with automatic tabulating equipment***

Currently, with a limited exception, a board of canvassers must use automatic tabulating equipment to conduct a recount of ballots that are in machine-readable form. However, a candidate, or an elector if the recount is for a referendum question, may petition the circuit court for an order requiring ballots in machine-readable form to be recounted by hand or by another method approved by the court. To obtain such an order, the candidate or elector must show by clear and convincing evidence that due to an irregularity, defect, or mistake committed during the voting or canvassing process the results of a recount using automatic tabulating equipment will produce incorrect results and there is a substantial probability that recounting the ballots by hand or by another method will produce a more correct result and change the outcome of the election.

This bill permits the board of canvassers conducting a recount to determine to conduct the recount of a specific election by hand unless a court orders the recount to be conducted by another method.

### ***Residency of election officials***

Current law generally requires election officials to be qualified electors of the municipality in which the officials serve. In addition, current law generally requires election officials who serve at a polling place to be qualified electors of the ward for which the polling place is established, whenever a municipality is divided into wards. However, special registration deputies who register electors at a polling place on election day, election officials who are appointed to work at a polling place that serves more than one ward, election officials who are reassigned by a municipal clerk or board of election commissioners to correct staffing deficiencies, or election officials who are appointed to fill a temporary or permanent vacancy need not be electors of

election other than a general election, partisan primary, spring election or spring primary to fill vacancies

Insert Analysis from p. 11-12

any particular ward, but must be qualified electors of the municipality in which they serve. Officials who are appointed to work at a polling place that serves more than one ward must be electors of one of the wards served by the polling place. A high school pupil who is 16 or 17 years of age may serve as an inspector (poll worker) at the polling place serving his or her residence. In addition, if the municipal clerk or the executive director of a board of election commissioners or a deputy to the clerk or executive director serves as a special registration deputy or is appointed to work at a polling place to fill a vacancy in an inspector position, the clerk, executive director, or deputy need not be a resident of the municipality in which he or she serves.

This bill provides, with certain exceptions, that an individual who serves as an election official at a polling place on election day need be an elector only of a county in which the municipality where the official serves is located. An individual who serves as the chief inspector at a polling place must be a qualified elector of the municipality where he or she serves unless no qualified candidate is available or the chief inspector is appointed to fill a temporary vacancy. A high school pupil who serves as an inspector must continue to meet the current residency requirement.

#### ***Recall petition requirements***

Under current law, a petition for the recall of a city, village, town, town sanitary district, or school district officer, in addition to other requirements, must indicate a reason for the recall that is related to the officer's official responsibilities. Under this bill, any person who wishes to circulate a petition for the recall of a city, village, town, town sanitary district, or school district officer must include with the person's registration under the campaign finance laws a statement indicating that the officer for whom the recall is sought has been charged with committing a crime or violating a code of ethics law applicable to local officials. The person must also include a copy of the criminal or civil complaint alleging the crime or violation.

### **OTHER CHANGES**

#### ***Prohibitions on certain expenditures by school districts***

Current law generally limits the amount of per pupil revenue a school district may receive from general school aids and property taxes to the amount of revenue allowed per pupil in the previous school year. A school board may adopt a resolution to exceed the revenue limit; a resolution adopted by the school board must be submitted to the electors of the school district at a referendum before the school district may exceed its revenue limit. This bill prohibits a school board from spending any state aid or property tax revenue to publish or disseminate information related to or to promote any referendum called by the school district to exceed its revenue limit.

\*\*\* ANALYSIS FROM -1771/P3 \*\*\*

#### ***Scheduling of referendums***

Currently, a local government may schedule, or may be required to schedule, a referendum to be held under various laws for various purposes. These purposes include to apply for a state trust fund loan, to approve the issuance of bonds, to exceed an applicable levy limit, or to annex territory. In some cases, a referendum must be

move to  
p. 10

held at a special election scheduled for that purpose. In other cases, a referendum may be held concurrently with a specified election, such as the spring election. In still other cases, a referendum may be held with any election or at a special election scheduled for that purpose. Current law occasionally requires the local government to schedule a referendum within a specified period of time after a precipitating action, such as two months after the filing of a petition or application or no sooner than 42 days after the filing of a resolution. Although more restrictive limitations do apply, current law generally requires any measure or question to be submitted to a vote of the people, and any petition requesting that a measure or question be submitted to a vote of the people, to be filed with the official or agency responsible for preparing the ballots for the election no later than 70 days prior to the election at which the measure or question will appear on the ballot.

This bill provides that a local governmental unit may schedule a referendum only concurrently with a spring primary (held in most election districts in each year), a spring election (held in each year), a partisan primary (held on the second Tuesday in August in an even-numbered year), or a general election (held in even-numbered years on the Tuesday after the first Monday in November) or at a special election held to fill vacancies. The bill generally permits a referendum to be held at any of the specified elections, including the next available election following the precipitating action if holding the referendum at that election would be consistent with any applicable restrictions on the number of days that must pass after a precipitating action or the general provision that a measure, question, or petition be filed with the official or agency responsible for preparing the ballots no later than 70 days prior to the election at which the measure or question will appear on the ballot.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

22 the application shall be received no later than 5 p.m. on election day. If the  
23 application is received after 5 p.m. on the Friday immediately preceding the election,  
24 the municipal clerk or the clerk's agent shall immediately take the ballot to the court  
25 in which the elector is serving as a juror and deposit it with the judge. The judge shall

1 recess court, as soon as convenient, and give the elector the ballot. The judge shall

19 for the hospitalized absent elector by presenting a form prescribed by the board and  
20 containing the required information supplied by the hospitalized elector and signed  
21 by that elector, unless the elector is unable to sign due to physical disability. In this  
22 case, the elector may authorize another elector to sign on his or her behalf. Any  
23 elector signing an application on another elector's behalf shall attest to a statement  
24 that the application is made on request and by authorization of the named elector,  
25 who is unable to sign the application due to physical disability. The agent shall

15 clerk verified the proof presented. The certificate shall also include a space for the  
16 municipal clerk or deputy clerk to enter his or her initials indicating that the elector  
17 is exempt from providing proof of identification because the individual is a military  
18 or overseas elector or is exempted from providing proof of identification under sub.
